

MEYER Corporation U.S.

Open Opportunities

We are currently recruiting for the following position:

Title: EDI Programmer Analyst

Department: Information and Communication Systems

Reports to: EDI/Systems Supervisor

Status: Exempt

Shift : Days

Location: Fairfield

Summary:

The EDI Programmer Analyst will act as liaison to external EDI trading partners to ensure timely problem resolution and transaction testing to analyze document flow, and to develop and administer EDI processes.

Responsibilities:

- Monitor EDI processes and daily operations for completeness and quality;
- Identify, correct and document EDI translation and process errors;
- Analyze, design, develop and implement new and changes to existing EDI customers and processes including end-to-end testing using ERP and WMS;
- Perform interface coding, map coding, communications and transmission scripting;
- Provide guidance to and assist in training other personnel about EDI documents/processes;
- Support Meyer Hong Kong and Meyer Thailand EDI;
- Create Crystal reports as needed;
- Assist Data Integrity in maintaining the validity of ERP customer master information;
- Assist with product updates for EDI communications software and any other software products used in conjunction with EDI processes;
- All other projects as assigned by EDI Supervisor and Director of Information Systems.

Minimum Qualifications:

- ◆ Associates Degree in Computer Science or Management Information Systems or equivalent combination of education and experience and a minimum of 2-5 years EDI related experience
- ◆ Strong knowledge of EDI translation and standards
- ◆ Experience in Apprise ERP software and ETM Module a plus; position requires learning the Apprise ETM (EDI mapping) Module.
- ◆ Experience with Crystal Reports a plus.
- ◆ Knowledge of AS400 commands, WMi, Query, SQL and DBU a plus.
- ◆ Knowledge of CL, RPG and .Net programming a plus
- ◆ Knowledge of FTP and AS2 communications a plus
- ◆ Must have prior experience with operations and mapping using tools such as: Apprise, ETM Module, BizManager and Inovisworks
- ◆ Knowledge of GS1 (Uniform Code Council), Inovis/GXS Catalog a plus.
- ◆ Must possess effective communication skills and be able to interface with all levels of personnel
- ◆ Must possess excellent problem-solving and organizational skills.
- ◆ Must be detail-oriented and be able to handle multiple tasks simultaneously.
- ◆ Must possess a high level of customer service skills.
- ◆ Must possess the mental and physical capabilities to perform job duties.
